

Cutting Through the Noise

University advice session for KS5

Aimhigher London presents a new modular session (which can be delivered in person or virtually) for your year 12 students! Choose from six topics to build a session to suit your students' needs; each topic lasts 10-15 minutes. Recommended for up to 50 students per session, get in touch to book us in to get your students thinking about choosing the right university for them at aimhigherlondon@kingston.ac.uk

Navigating UCAS

UCAS might sound complicated, but we'll make sure you know how to navigate it in this session, which covers the UCAS process and prepares you for starting your application

Choosing a course

There are over 35,000 courses available for study in the UK! That choice can seem overwhelming until you learn the practical tips to help you wade through all those choices to pick the best courses for you

Choosing a university

There are lots of extra factors to consider, in addition to the course content, when choosing which university is right for you. We'll talk about how to figure out what you want and what to do next

Understanding university jargon

Do you know your BSc from your BA? Is there a difference between a lecture and seminar? What even IS a sandwich year?? This session will help you get a handle on that university jargon

Overview of admissions

We give a brief overview of key dates, what admissions teams are looking for, and share top tips on what makes a successful application when applying to higher education

Overview of student finance

It's never too early to start thinking about student finance and while it probably feels like a complete unknown right now, we'll myth bust student funding and explain how simple it all is
