

# FINDING FUTURES

# 97%

learners applied to university 2022

Finding Futures is a 'road map' for every learner, adapted to the whole population, preparing learners who may encounter additional challenges to progress

## KS3

### DISCOVERING YOUR FUTURE

Raising awareness of the benefits of university and higher education routes

Encouraging aspirations  
and self-awareness

## KS4

### EXPLORING YOUR FUTURE

Deepening understanding and knowledge of higher education routes and decision pathways to make informed choices

Building confidence  
in progressing

## KS5

### NAVIGATING YOUR SUCCESS

Consolidating prior knowledge to set personal education and career goals, with tools and resources to plan and navigate the application process

Strengthening resilience  
for next steps

## A programme for parents, carers and teachers

### Supporting Parent and Carer Engagement

Webinars in collaboration with our partners, ambassadors and parents, to encourage conversations and build knowledge in transition and progression

### Connecting Professionals

Development of innovative best practice and resources for teachers and staff supporting learners with SEND and experience of care
