

Coaching Capital

A coaching and residential programme for care experienced young people who are thinking of going to university

Participants will be matched with a coach who is a current university student. The coach will support them in the A level/BTEC subject of their choice.

Coaching will take place online once a week for eight weeks. Later there will be extra online sessions covering the UCAS application process.

The programme will culminate in a weekend away on the beautiful campus of Roehampton University, where participants will experience what it's like to be an undergraduate student. They will also have a lot of fun: meeting up with other students from across London who have been on the coaching programme, and sharing activities together.

Open to any care experienced young person who is studying the first year of a level 3 course, this is a fantastic opportunity to ensure they're ready for uni. **Deadline for applications: 21st March**
